

Tobacco Root Mountains Care Center

Our Vocation & Values

Our Skilled Nursing Facility is committed to excellence in the provision of long-term care services to the residents of Madison County and all others who might seek our services. To this end, we believe in -

- ♦ Providing quality health care services for the "whole person" with competence, understanding and respect
- ♦ The human rights and dignity of all persons
- ♦ The pursuit of professional excellence by personnel providing care at Tobacco Root Mountains Care Center
- ♦ Our employees and consider them to be our most important resource
- ♦ A responsible leadership to plan and develop new and better forms of services

- ♦ The prudent and responsible use of resources
- ♦ The necessity of financial strength to fulfill our mission

Tobacco Root Mountains Care Center offers -

- ♦ Long-term skilled nursing care
- ♦ Rehab to home services
- ♦ Respite care
- ♦ Adult day care

Our facility is located adjacent to the Ruby Valley Hospital, the Ruby Valley Clinic and the Sheridan Community Health Center to facilitate medical visits

and emergency care. We are licensed for 39 beds. The recent expansion of our facility includes a new dining room, activities room, kitchen and laundry.

Nurse's Station

Tobacco Root Mountains Care Center is Medicare, Medicaid and VA approved.

Long-Term Care

Individuals in need of special care who may not be able to safely live at home are welcome at the Tobacco Root Mountains Care Center.

Our programs promote:

- ♦ Dignity
- ♦ Comfort and safety
- ♦ Social interaction
- ♦ Personal care skills
- ♦ Strength and balance
- ♦ Wellness and holistic care

Rehab to Home

Rehabilitative therapy along with restorative nursing services are provided to our residents as they recover from an illness, surgery or injury.

The goal of our treatment team is to assist our patients in returning to their homes.

Services emphasize movement toward positive well-being and independence. We also strive to provide choices in care and routines.

Respite Care

Caregiving is a 24/7 job. Even the most dedicated family member needs a break from time-to-time.

Adult Day Care

Professional care for your loved one during the day to allow you personal time for other projects, some time for work, appointments or needed rest.

Respite Care

Professional care for a few days or weeks to give the primary caretaker time away for some "R&R", to permit a vacation or to work on a home project.

Dining

Enjoyable eating is an important part of our social and nutritional wellness. Tobacco Root Mountains Care Center offers -

- ♦ an enhanced dining program,
- ♦ family dining with loved ones, and
- ♦ holiday dining for residents and families in the facility.

Dining Room

Our Services

- ◆ Skilled nursing
- ◆ Specialized wound care
- ◆ Speech therapy
- ◆ End of life care
- ◆ Restorative nursing
- ◆ Physical therapy
- ◆ Occupational therapy

TRMCC Activities

Let's Have Lunch Out - The residents enjoy a lunch out at different restaurants.

Senior "Senior" Prom - This state award winning activity has been a favorite since 1988. Residents revel to live music and wear handmade corsages.

Tobacco Root Mountains Care Center is situated in an area with plentiful seasonal wildlife such as deer, moose and rabbits. Our day room has an aviary which is popular with our residents.

It's Happy Hour! Themed Happy Hour parties are held regularly and typically based on holidays and seasonal traditions.

Social functions are held at least monthly for holidays or birthdays. The Butte Silver Bow Cloggers give a themed performance monthly.

All Tobacco Root Mountains Care Center residents are included in various local community and school activities.

Other activities include senior games and a grandparents program.

"This institution is an equal opportunity provider."

SENIOR QUALITY OF LIFE QUESTIONNAIRE

Do you or your loved one have concerns about living when no one is around to help?

Are you paying privately for nursing services either at home or at a facility?

Are you caring for a loved one and would like a respite to catch up either mentally or physically?

Do you or your loved one have a current need for ongoing nursing, physical, occupational, or speech therapy?

If you have answered yes to any of these questions, it may be in your best interest to learn more about Madison County Senior Care. Our two facilities - Tobacco Root Mountains Care Center (Sheridan) and Madison Valley Manor (Ennis) are licensed skilled nursing facilities in Madison County and both rated 5 Star by CMS.

Talk with your health care provider or call us at 682 5600-Sheridan or 406 682 7271-Ennis.

WE ARE HERE AS A RESOURCE FOR YOU.

Medicare Coverage

Inpatient Rehabilitation Services may be covered by Medicare A or B per physician order. We will gladly check your insurance coverage prior to starting any treatment to help you make an informed decision.

Tobacco Root Mountains Care Center is proudly owned and operated by the Madison County, state of Montana. Rated Five Star by the Center for Medicare and Medicaid Services.

SETTLING IN

Admissions will be handled by a team of trained and caring professionals to ensure that the process is a seamless one. Our Social Service offers a consultation on Medicare, Medicaid and Long Term Care insurance and finance opportunities for admissions.

MEDICAL CARE YOU CAN TRUST

Our residents are not the only ones who need to feel comfortable. So do you. Being sure that your loved one is getting excellent medical attention and care around the clock lets you rest assured that you have made the right choice. Our interdisciplinary team of health care professionals sets the highest standards of care – care we would want our own family members to receive.

RESPECTING INDEPENDENCE

Our wide range of rehabilitative services provides many ways to maximize abilities and interests. After all, seeing improvement and progress is essential, not only physically, but emotionally. From a stimulating rehabilitation plan to positive words and encouragement, we take every opportunity to motivate each resident through the process.

WHAT'S HAPPENING IN THE WORLD?

Making sure a person stays connected to life outside the home is an important part of our care. Shopping trips, educational events, and chances to enjoy nature are just a few of the ways we help residents continue to expand their horizons.

NEVER UNDERESTIMATE THE POWER OF A GOOD LAUGH

We take our responsibilities seriously. But we also know how important fun and laughter can be to keeping spirits and strength up. Our recreational programs are designed to develop friendships and create social and entertaining situations.

MAKING THE MOST OF EVERY DAY

While life may have more limitations for our loved one, our home can provide an experience that is positive, stimulating, and filled with dignity. That's why providing for day-to-day needs is an important part – but not the only part – of our care. Companionship, personal growth, and emotional comfort are also priorities we strive to help residents achieve. We value the lives they have led and maximize their independence with us today and every day.

As we grow older, life throws us hurdles and doesn't limit us on doing the activities we enjoy most. Let us help put life back into your years.
